19. **Voting Through Electronic Means**
 - I. **The instructions for shareholders voting electronically are as under:**
 - Step 1:** Access through Depositories CDSL/NSDL e-Voting system in case of individualshareholders holding shares in demat mode.
 - Step 2:** Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.
 - (i) The voting through electronic means will commence on Saturday, the 3rd September, 2022 at 09:00 AM (IST) and will end on Monday, 5th September, 2022 at 05:00 PM (IST).The Members will not be able to cast their vote electronically beyond the date and time mentioned above and the e-voting module shall be disabled by CDSL for voting thereafter. The Shareholders as on the cut-off date 30th August, 2022 may cast their vote.

NOTICE

- (ii) Shareholders who have already voted prior to the meeting date (by remote e-voting) shall not be entitled to vote at the meeting.
- (iii) Pursuant to SEBI Circular No.: SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Listing Regulations, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders. In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individualshareholders holding shares in demat mode.

- (iv) In terms of SEBI Circulars, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-voting facility.

Pursuant to SEBI Circular, Login method for e-voting and joining virtual meetings for Individual shareholders holding securities in Demat mode is given below:

MANAGEMENT’S DISCUSSION AND ANALYSIS

BUSINESS OVERVIEW

The Company’s main business is growing, manufacturing and marketing of tea produced in its six tea estates as mentioned below. The Tea Estates are located in the top quality belt of the South Bank, Upper Assam.

1. Dhoedaam Tea Estate
2. Deamoolie Tea Estate
3. Thowra Tea Estate
4. Balijan (H) Tea estate
5. Rajah Alli Tea Estate
6. Zaloni Tea Estate

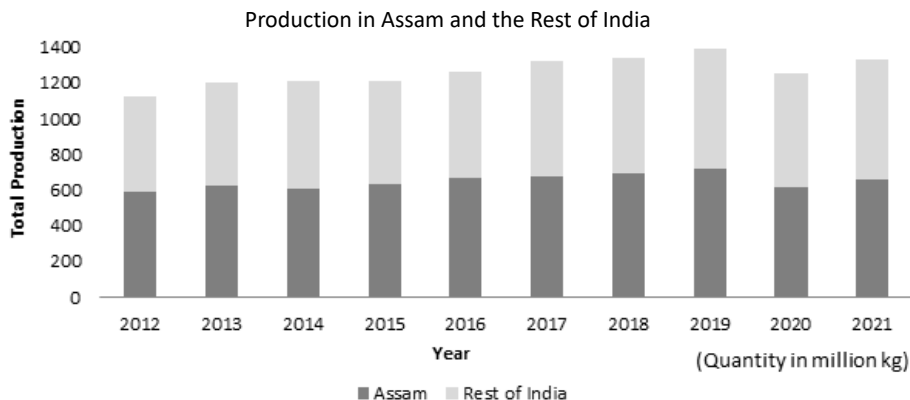

Our Tea Estates manufacture top quality CTC and orthodox teas and are popular among customers in the Indian domestic market as well as with prominent importers in Germany, UK, USA and Middle East.

Your Company strives to improve its turnover by focusing on increasing yield and quality. In the best interest of quality, sustainability and traceability, your Company does not purchase bought leaf in any of its factories.

INDUSTRY STRUCTURE & DEVELOPMENTS

The total world tea production was about 6469 m kg in 2021 as compared to 6015 m kg in 2020. Out of the total production, the contribution from Indian Tea crop was approximately 1329 m kg against 1257 m kg last year.

Due to the ongoing Covid pandemic, there is resurgence of tea consumption owing to proven health benefits. Tea has established itself as a wellness and lifestyle beverage and several varieties of tea are emerging in the market opening up new avenues.

OPPORTUNITIES AND THREATS

Global tea production is rising every year and so is the consumption. The key challenges faced by the industry are selling prices not keeping pace with the rising costs, climate change and outdated legislative frameworks. The escalation of wages and other input costs such as gas, electricity, pesticides, fuel and fertilizer makes Indian tea uncompetitive in the International market.

ANNEXURE –‘F’

Country-wise Export of Indian Tea in 2021

SEGMENTWISE PERFORMANCE

The Company operates in a single segment business and produces both CTC and Orthodox Teas. The tea is manufactured and sold either at auction centres or through private channels and the performance is covered under section ‘Financial Results’ in the Directors Report.

OUTLOOK

The Tea Industry in North East India comprising Assam and North Bengal produces 82% of country’s total production. The viability of the Tea Industry continues to be impacted by the twin factors of market forces and regression arising out of extreme climate. Disruption in the supply of Srilankan teas should turn favorable for global tea prices whereas the Russia-Ukraine war can have adverse effect on the average realization of Indian Teas.

Further, there has been 30% increase in staff salary and hike in wages of daily rated workers & sub-staffs is expected soon which are likely to impact the cost structure & may adversely affect the profitability during the current financial year. This makes the Industry’s position very tenuous for the current season. However, our focus should be to continue manufacturing better quality teas at lower cost.

ANNEXURE –‘F’

RIKS & CONCERNS

The nature of the Company’s business makes it susceptible to various kinds of risks. The Company encounters market risk, credit risk and operational risks in its day-to-day business operations. Tea being an agriculture industry is subject to the vagaries of the weather. Erratic distribution of rain with fluctuating ambient temperature are being experienced by all tea growing region of North East and it is badly impacting the growth during the high cropping months. The Tea industry being highly labour intensive, shortage of labour in peak season and substantial increase in labour cost, high social cost and other input cost remains the major cause of concern for the industry.

INTERNAL CONTROL SYSTEMS

Our internal financial control framework is commensurate with the size of the business and the regulatory requirements. Your Company has engaged reputable Chartered Accountants for conducting internal audit of the Gardens and the Head Office to provide assurance over the internal controls. The Audit Committee reviews these reports and monitors the effectiveness and operational efficiency of internal control systems.

FINANCIAL PERFORMANCES

During the current year under review total turnover of the Company stood at ₹ 11,118 lakhs (P.Y. ₹ 12,849 lakhs). Profit after tax of your Company stood at ₹ 825.20 Lakhs (P.Y. ₹ 2,896 lakhs).

HUMAN RESOURCES

The Tea industry is labour intensive and provides employment to large segment of the population residing in and around the tea plantation areas. Your Company has employed over 6780 personnel at its tea estates and other establishments in India as on 31st March, 2022. A tea plantation worker and his family are provided with housing, medical, education facilities, insurance, provident fund and gratuity. Your Company believes in employee empowerment across the entire organization to achieve organizational effectiveness. Industrial relations in all tea estates and units continued to be cordial. Focus on better deployment of labour in garden area has resulted in improving productivity both in quantitative and qualitative manner.

CAUTIONARY STATEMENT

The statements in the report of the Board of Directors and the Management’s Discussion and Analysis Report describing the Company’s projections, estimates, expectations or predictions may be forward looking statements within the meaning of applicable securities Laws and Regulations. Actual results could differ materially from those expressed or implied since the Company’s operations are by many external and internal factors beyond the control of the Company. INDEPENDENT AUDITORS' REPORT

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **JAMES WARREN TEA LIMITED** ('the Company'), which comprise the Balance Sheet as at 31st March, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS"), of the state of affairs of the Company as at 31st March, 2022, its profit including other comprehensive income, its cash flows and the statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The accompanying financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our

INDEPENDENT AUDITORS' REPORT

opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order.

As required by section 143(3) of the Act, we report that:

- a. we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b. in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c. the financial statements dealt with by this report are in agreement with the books of account;

ANNEXURE-A TO THE AUDITORS' REPORT

The Annexure referred to in Independent Auditor's Report of even date to the members of JAMES WARREN TEA LIMITED, on the financial statements for the year ended 31st March, 2022

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
 - (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The property, plant and equipment have been physically verified by the management during the year and no material discrepancies were noticed on such verification. In our opinion, the frequency of physical verification program adopted by the Company is reasonable having regard to the size of the Company and the nature of its assets.
- (c) The title deeds of all the immovable properties held by the Company are held in the name of the Company.
- (d) The Company has not revalued its Property, Plant and Equipment or intangible assets during the year.
- (e) No proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder. Accordingly, reporting under clause 3(i)(e) of the Order is not applicable to the Company.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed. In respect of inventory lying with third parties, these have substantially been confirmed by the third parties.
- (b) The Company has not been sanctioned working capital limits above Rs. 5 Crore by banks or financial institutions on the basis of security of current assets during any point of time of the year. Accordingly, reporting under clause 3(ii)(b) of the Order is not applicable to the Company.
- (iii) The Company has not made any investment in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, Limited Liability Partnerships (LLPs) or any other parties during the year. Accordingly, reporting under clause 3(iii) of the Order is not applicable to the Company.
- (iv) In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of sections 185 and 186 of the Act in respect of loans, investments, guarantees and security, as applicable.
- (v) The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) The Central Government has specified maintenance of cost records under sub-section (1) of section 148 of the Act in respect of the products of the Company. We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted accrued in the books of account in respect of undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax,

ANNEXURE-A TO THE AUDITORS' REPORT

sales-tax, service tax, duty of customs, duty of excise, value added tax, Good and Service Tax, cess and other material statutory dues, as applicable, have generally been regularly deposited to the appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding on the year-end for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us, there are no statutory dues referred in sub-clause (a) which have not been deposited with the appropriate authorities on account of any dispute.
- (viii) According to the information and explanations given to us, no transactions were surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961) which have not been recorded in the books of accounts.
- (ix) According to the information and explanations given to us, the Company does not have any loans or other borrowings from any lender. Accordingly, reporting under clause 3(ix) of the Order is not applicable to the Company.
- (x) (a) The Company did not raise any money by way of initial public offer or further public offer (including debt instrument) during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable to the Company.
(b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or (fully, partially or optionally) convertible debentures during the year. Accordingly, reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the period covered by our audit.
(b) No report under section 143(12) of the Act has been filed with the Central Government for the period covered by our audit.
(c) According to the information and explanations given to us including the representation made to us by the management of the Company, there are no whistle-blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, reporting under clause 3(xii) of the Order is not applicable to the Company.
- (xiii) In our opinion and according to the information and explanations given to us, all transactions entered into by the Company with the related parties are in compliance with sections 177 and 188 of the Act, where applicable. Further, the details of such related party transactions have been disclosed in the standalone financial statements, as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified in Companies (Indian Accounting Standards) Rules 2015 as prescribed under section 133 of the Act.
- (xiv) (a) In our opinion and according to the information and explanations given to us, the Company maintains an internal audit system as required under section 138 of the Act which is commensurate with the size and nature of its business.
(b) The reports of the Internal Auditor for the period under audit have been considered by us.
- (xv) According to the information and explanation given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them and accordingly, provisions of section 192 of the Act are not applicable to the Company.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, reporting under clause 3(xvi) of the Order is not applicable to the Company.
- (xvii) The Company has not incurred any cash loss in the current as well as the immediately preceding financial year.

ANNEXURE-A TO THE AUDITORS' REPORT

- (xviii) There has been no resignation of the statutory auditors during the year and accordingly the reporting under clause 3(xviii) of the Order is not applicable to the Company
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the plans of the Board of Directors and management, we are of the opinion that no material uncertainty exists as on the date of the audit report that Company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
- (xx) According to the information and explanations given to us, the Company does not have any unspent amount in respect of any ongoing or other than ongoing project as at the expiry of the financial year. Accordingly, reporting under clause 3(xx) of the Order is not applicable to the Company.
- (xxi) The reporting under clause 3(xxi) is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

ANNEXURE-B TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the financial statements of **JAMES WARREN TEA LIMITED** ("the Company") as of and for the year ended 31st March, 2022, we have audited the internal financial controls over financial reporting (IFCoFR) of the company as of that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal financial controls over financial reporting issued by ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's IFCoFR based on our audit. We conducted our audit in accordance with the Guidance note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and Standards on Auditing, issued by the Institute of Chartered Accountants of India (ICAI) and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of IFCoFR, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidences we have obtained are sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also,

ANNEXURE-B TO THE AUDITORS' REPORT

projections of any evaluation of the IFCoFR to future periods are subject to the risk that IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by ICAI.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2022**COMPANY OVERVIEW**

James Warren Tea Limited is a Company limited by shares, incorporated and domiciled in India. The Company is engaged in cultivation, manufacture and sale of tea, which is a seasonal industry.

1. SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

1.1 Basis of Preparation and Presentation of Financial Statement

These financial statements have been prepared in accordance with Indian Accounting Standards (“Ind AS”) notified under Section 133 of the Companies Act, 2013 (“the Act”) read together with the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other relevant provisions of the Act and other Generally Accepted Accounting Principles (GAAP) in India.

1.1.1 Classification of current and non-current

All assets and liabilities have been classified as current or non-current as per the Company’s normal operating cycle and other criteria set out in Ind AS 1 – Presentation of Financial Statements and Division-II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current/non-current classification of assets and liabilities.

1.1.2 Historical Cost Convention

These financial statements have been prepared in accordance with the generally accepted accounting principles (GAAP) in India under the historical cost convention, except for the following:

- i) certain financial assets and liabilities (including derivative instruments) that is measured at fair value;
- ii) defined benefit plans – plan assets measured at fair value;
- iii) Biological assets (including unplucked green leaves) – measured at fair value less cost to sell.

1.1.3 Use of Estimates

The Preparation of financial statements in conformity with the generally accepted accounting principles in India requires the management to make estimates and assumptions that affects the reported amount of assets and liabilities as at the balance sheet date, the reported amount of revenue and expenses for the periods and disclosure of contingent liabilities at the balance sheet date. The estimates and assumptions used in the financial statements are based upon management’s evaluation of relevant facts and circumstances as of the date of financial statements. Actual results could differ from estimates.

1.1.4 Fair value measurements**Fair value hierarchy**

Fair value of the financial instruments is classified in various fair value hierarchies based on the following three levels:

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities

Level 2: Inputs other than quoted price including within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2022

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

If one or more of the significant inputs is not based on observable market data, the fair value is determined using generally accepted pricing models based on a discounted cash flow analysis, with the most significant input being the discount rate that reflects the credit risk of counterparty. This is the case with listed instruments where market is not liquid and for unlisted instruments.

The management consider that the carrying amounts of financial assets (other than those measured at fair values) and liabilities recognized in the financial statements approximate their fair value as on March 31, 2022 and March 31, 2021.

There has been no change in the valuation methodology for Level 3 inputs during the year. The Company has not classified any material financial instruments under Level 3 of the fair value hierarchy. There were no transfers between Level 1 and Level 2 during the year.

1.1.5 Functional and Presentation Currency

The Financial Statements are presented in Indian Rupee (INR), which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates. All financial information presented in INR has been rounded off to the nearest lakhs as per the requirements of Schedule III, unless otherwise stated.

1.2 Inventories

Inventories are valued at the lower of cost and net realizable value (NRV). Cost is measured by including, unless specifically mentioned below, cost of purchase and other costs incurred in bringing the inventories to their present location and condition. NRV is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

Raw Materials: At Cost or Net Realizable Value whichever is lower. Cost of harvested tea leaves, produced from own gardens, is measured at fair value less cost to sell at the point of harvest of tea leaves. Cost of other raw materials is measured on weighted average basis.

Stores and Spare Parts: Stores and Spare Parts are measured at cost (measured at weighted average basis) or net realizable value whichever is lower. Provision is made for obsolete, slow moving and defective stocks, where necessary.

Finished Goods: Finished goods produced from agricultural produce are valued at lower of cost and the net realizable value. Cost is arrived at by adding the cost of conversion to the fair value of agricultural produce. Other finished goods are measured at cost or NRV whichever is lower.

1.3 Cash and Cash Equivalents

Cash and cash equivalents comprise cash at banks and on hand, which are subject to an insignificant risk of change in value.

1.4 Accounting for Taxes on Income

Income Tax expenses comprise current tax and deferred tax charge or credit.

1.4.1 Current Tax:

Current tax is measured on the basis of estimated taxable income for the current accounting period

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2022

in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

1.4.2 Deferred Tax:

Deferred Tax assets and liabilities is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes (i.e., tax base). Deferred tax is also recognized for carry forward of unused tax losses and unused tax credits.

Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period. The Company reduces the carrying amount of a deferred tax asset to the extent that it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or that entire deferred tax asset to be utilized. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profit will be available.

Deferred tax relating to items recognized outside the Statement of Profit and Loss is recognized either in other comprehensive income or in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

1.5 PROPERTY, PLANT AND EQUIPMENT

1.5.1 Tangible Assets (Other than Bearer Plants)

1.5.1.1 Recognition and Measurement:

Property, plant and equipment held for use in the production or/and supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost, less any accumulated depreciation and accumulated impairment losses (if any).

Cost of an item of property, plant and equipment acquired comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting any trade discounts and rebates, any directly attributable costs of bringing the assets to its working condition and location for its intended use and present value of any estimated cost of dismantling and removing the item and restoring the site on which it is located.

In case of self-constructed assets, cost includes the costs of all materials used in construction, direct labour, allocation of directly attributable overheads, directly attributable borrowing costs incurred in bringing the item to working condition for its intended use, and estimated cost of dismantling and removing the item and restoring the site on which it is located. The costs of testing whether the asset is functioning properly, after deducting the net proceeds from selling items produced while bringing the asset to that location and condition are also added to the cost of self-constructed assets.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2022

Profit or loss arising on the disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.

1.5.1.2 Subsequent Measurement:

Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced.

Major Inspection/ Repairs/ Overhauling expenses are recognized in the carrying amount of the item of property, plant and equipment as a replacement if the recognition criteria are satisfied. Any Unamortized part of the previously recognized expenses of similar nature is derecognized.

1.5.1.3 Depreciation and Amortization:

Depreciation on Property, Plant & Equipment is provided under Straight Line Method at rates determined based on the useful life of the respective assets and the residual values in accordance with Schedule II of the Companies Act, 2013 or as reassessed by the Company based on the technical evaluation.

In respect of spares for specific machinery, cost is amortized over the useful life of the related machinery as estimated by the management.

Depreciation on additions (disposals) during the year is provided on a pro-rata basis i.e., from (up to) the date on which asset is ready for use (disposed of).

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

1.5.1.4 Disposal of Assets

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

1.5.1.5 Capital Work in Progress

Capital work-in-progress is stated at cost which includes expenses incurred during construction period, interest on amount borrowed for acquisition of qualifying assets and other expenses incurred in connection with project implementation in so far as such expenses relate to the period prior to the commencement of commercial production.

1.5.2 Bearer Plants

1.5.2.1 Recognition and Measurement:

'Bearer Plants', comprising of mature tea bushes and shade trees are stated in the balance sheet at cost, less any accumulated depreciation and accumulated impairment losses (if any).

Cost of 'bearer plants' includes the cost of uprooting, land development, rehabilitation, planting of Guatemala, planting of shade trees, cost of nursery, drainage, manual cultivation, fertilizers, agro-chemicals, pruning and infilling etc.

1.5.2.2 Subsequent Measurement:

Costs incurred for infilling including block infilling are generally recognized in the Statement of Profit and Loss

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2022

unless there is a significant increase in the yield of the sections, in which case such costs are capitalized and depreciated over the remaining useful life of the respective sections.

1.5.2.3 Depreciation:

Depreciation on bearer plants is recognized so as to write off its cost over useful lives, using the straight-line method.

The estimated useful life, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

Estimated useful life of the bearer plants has been determined to be 50 years. The residual value in case of Bearer Plants has been considered as NIL.

1.5.2.4 Capital Work in Progress

Young tea bushes and shade trees, including the cost incurred for procurement of new seeds and maintenance of nurseries, are carried at cost less any recognized impairment losses under capital work-in-progress. Cost includes the cost of land preparation, new planting and maintenance of newly planted bushes except plucking cost and revenue generated there until maturity. On maturity, these costs are classified under bearer plants. Depreciation of bearer plants commence on maturity.

1.6 Leases

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to statement of profit or loss on a straight line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases. Leases which effectively transfer to the lessee substantially all the risks and benefits incidental to ownership of the leased item are classified and accounted for as finance lease.

1.7 Revenue Recognition

1.7.1 Revenue from Operations

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of tea claim and are net of sales return, sales tax/ value added tax/ goods and service tax, trade allowances and amount collected on behalf of third parties.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and significant risk and reward incidental to sale of products is transferred to the buyer.

1.7.2 Other Income

Interest Income

Interest Income from debt instruments is recognised using the effective interest rate method.

Dividends

Dividends are recognised in statement of profit or loss only when the right to receive payment is established.

1.8 Employee Benefits

1.8.1 Short-term Employee Benefits

These are recognised at the undiscounted amount as expense for the year in which the related service is rendered.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2022

1.8.2 Other Long-term Employee Benefits (Unfunded)

The cost of providing long-term employee benefits is determined using Projected Unit Credit Method with actuarial valuation being carried out at each Balance Sheet date. Actuarial gains and losses and past service cost are recognised immediately in the Statement of Profit and Loss for the period in which they occur. Long term employee benefit obligation recognised in the Balance Sheet represents the present value of related obligation.

1.8.3 Post-employment Benefit Plans

Contributions under Defined Contribution Plans payable in keeping with the related schemes are recognised as expenditure for the year.

In case of Defined Benefit Plans, the cost of providing the benefit is determined using the Projected Unit Credit Method with actuarial valuation being carried out at each Balance Sheet date. Actuarial gains and losses are recognised in full in the Other Comprehensive Income for the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested, and otherwise is amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, if any, and as reduced by the fair value of plan assets, where funded. Any asset resulting from this calculation is limited to the present value of any economic benefit available in the form of refunds from the plan or reductions in future contributions to the plan.

1.9 Government Grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to revenue are recognised in the statement of profit or loss over the period to match them with the costs that they are intended to compensate and presented within other operating income.

Government grants relating to the acquisition/ construction of property, plant and equipment are included in non-current liabilities as deferred income and are credited to statement of profit or loss on a straight-line basis over the expected lives of the related assets and presented within other operating income.

1.10 Foreign Currency Translation

Foreign currency transactions are translated into Indian Rupee (INR) which is the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in statement of profit or loss.

Foreign Currency non-monetary items carried in terms of historical cost are reported using the exchange rate at the date of the transactions.

1.11 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

1.11.1 Financial Assets

Recognition and Initial Measurement:

All financial assets are initially recognized when the company becomes a party to the contractual provisions

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2022

of the instruments. A financial asset is initially measured at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Classification and Subsequent Measurement:

For purposes of subsequent measurement, financial assets are classified in four categories:

- o Measured at Amortized Cost;
- o Measured at Fair Value Through Other Comprehensive Income (FVTOCI);
- o Measured at Fair Value Through Profit or Loss (FVTPL); and
- o Equity Instruments measured at Fair Value Through Other Comprehensive Income (FVTOCI).

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

- o **Measured at Amortized Cost:** A debt instrument is measured at the amortized cost if both the following conditions are met:
 - The asset is held within a business model whose objective is achieved by both collecting contractual cash flows; and
 - The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method.

- o **Measured at FVTOCI:** A debt instrument is measured at the FVTOCI if both the following conditions are met:
 - The objective of the business model is achieved by both collecting contractual cash flows and selling the financial assets; and
 - The asset's contractual cash flows represent SPPI.

Debt instruments meeting these criteria are measured initially at fair value plus transaction costs. They are subsequently measured at fair value with any gains or losses arising on remeasurement recognized in other comprehensive income, except for impairment gains or losses and foreign exchange gains or losses. Interest calculated using the effective interest method is recognized in the statement of profit and loss in investment income.

- o **Measured at FVTPL:** FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as FVTPL. In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.
- o **Equity Instruments measured at FVTOCI:** All equity investments in scope of Ind AS – 109 are measured at fair value. Equity instruments which are, held for trading are classified as at FVTPL. For all other equity instruments, the company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. In case the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2022

Derecognition

The Company derecognizes a financial asset on trade date only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

Impairment of Financial Assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS – 109 requires expected credit losses to be measured through a loss allowance. The company recognizes lifetime expected losses for all contract assets and/ or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

1.11.2 Financial Liabilities

Recognition and Initial Measurement:

Financial liabilities are classified, at initial recognition, as at fair value through profit or loss, loans and borrowings, payables or as derivatives, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent Measurement:

Financial liabilities are measured subsequently at amortized cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in statement of profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest rate method. Interest expense and foreign exchange gains and losses are recognized in statement of profit or loss. Any gain or loss on derecognition is also recognized in statement of profit or loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the counterparty.

1.11.3 Derivative financial instruments

The Company enters into derivative financial instruments viz. foreign exchange forward contracts, interest rate swaps and cross currency swaps to manage its exposure to interest rate and foreign exchange rate risks. The Company does not hold derivative financial instruments for speculative purposes.

Derivatives are initially recognized at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognized in statement of profit or loss immediately.

1.12 Earnings per Share

Basic Earnings per share (EPS) amounts are calculated by dividing the profit for the year attributable to

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2022

equity holders by the weighted average number of equity shares outstanding during the year. Diluted EPS amounts are calculated by dividing the profit attributable to equity holders adjusted for the effects of potential equity shares by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

1.13 Impairment of non-financial assets.

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher on an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows which are largely independent of the cash flows from other assets or group of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

1.14 Intangible Assets**1.14.1 Recognition and Measurement**

Software which is not an integral part of related hardware, is treated as intangible asset and are stated at cost on initial recognition and subsequently measured at cost less accumulated amortization and accumulated impairment loss, if any.

1.14.2 Subsequent Expenditure

Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. All other expenditure is recognized in the Statement of Profit and Loss.

1.14.3 Amortization

Intangible assets are amortized over a period of five years.

The amortization period and the amortization method are reviewed at least at the end of each financial year. If the expected useful life of the assets is significantly different from previous estimates, the amortization period is changed accordingly.

1.14.4 Intangible Assets under Development

Intangible Assets under development is stated at cost which includes expenses incurred in connection with development of Intangible Assets in so far as such expenses relate to the period prior to the getting the assets ready for use.

1.15 Provision, Contingent Liabilities and Contingent Assets, legal or constructive

Provisions are recognised when there is a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

A disclosure for contingent liabilities is made when there is a possible obligation arising from past events,

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2022

the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. When there is a possible obligation or a present obligation and the likelihood of outflow of resources is remote, no provision or disclosure for contingent liability is made.

Contingent Assets are not recognised but are disclosed when an inflow of economic benefits is probable.

1.16 Biological Assets

Biological assets of the Company comprises of unharvested green tea leaves that are classified under current biological assets.

The Company recognizes biological assets when, and only when, the Company controls the assets as a result of past events, it is probable that future economic benefits associated with such assets will flow to the Company and the fair value or cost of the assets can be measured reliably. Expenditure incurred on biological assets are measured on initial recognition and at the end of each reporting period at its fair value less costs to sell. The gain or loss arising from a change in fair value less costs to sell of biological assets are included in statement of profit and loss for the period in which it arises.

1.17 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM).

1.18 Critical estimates and judgements

The preparation of the financial statements require the use of accounting estimates which, by definition, will seldom equal the actual result. Management also needs to exercise judgement in applying the Company's accounting policies.

This note provides an overview of the areas that involved a high degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

Critical estimates and judgements

The areas involving critical estimates and judgements are:

i Taxation

The Company is engaged in agricultural activities and also subject to tax liability under MAT provisions. Significant judgement is involved in determining the tax liability for the Company. Also there are many transactions and calculations during the ordinary course of business for which the ultimate tax determination is uncertain. Further judgement is involved in determining the deferred tax position on the balance sheet date.

ii Depreciation and amortization

Depreciation and amortisation is based on management estimates of the future useful lives of the property, plant and equipment and intangible assets. Estimates may change due to technological developments, competition, changes in market conditions and other factors and may result in changes in the estimated useful life and in the depreciation and amortization charges.

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2022**iii Employee Benefits**

The present value of the defined benefit obligations and long term employee benefits depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost (income) include the discount rate. Any changes in these assumptions will impact the carrying amount of defined benefit obligations. The Company determines the appropriate discount rate at the end of each year. This is the interest rate that should be used to determine the present value of estimated future cash outflows expected to be required to settle the obligations. In determining the appropriate discount rate, the Company considers the interest rates of Government securities that have terms to maturity approximating the terms of the related defined benefit obligation. Other key assumptions for obligations are based in part on current market conditions.

iv Provisions and Contingencies

Provisions and contingencies are based on Management's best estimate of the liabilities based on the facts known at the balance sheet date.

v Fair Value of Biological Assets

The fair value of Biological Assets is determined based on recent transactions entered into with third parties or available market price. Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

38. Employee Benefits

I. Defined Contribution Plan :

- a. **Provident Fund:** The Company maintains Provident Fund with Regional Provident Fund Commissioner. Contribution made by the company to the Fund is based on the current salaries. In the provident fund scheme contributions are also made by the employees. The Annual Contribution (including charges) amount of ₹ 711.12 (P.Y. ₹ 694.03) has been charged to Statement of Profit and Loss in relation to the above defined contribution scheme.
- b. **Employee State Insurance (ESI):** The Company contributes its ESI contribution with ESIC maintained by Government Agencies, Contributions made by the company for ESI is based on the current salaries. The annual contribution amount of ₹ 0.09 (P.Y. ₹ 0.08) has been charged to the Statement of Profit and Loss in relation to the above defined contribution scheme.

II. Defined Benefit Plan:

- a. **Gratuity:** The Company has a defined benefit gratuity plan. An employee is entitled for gratuity only after completion of five years in the service. The gratuity is calculated as per the calculations specified in the Payment of Gratuity Act, 1972. The present value of defined obligation and related current cost are measured using the Projected Unit Credit Method with actuarial valuation being carried out at Balance Sheet date.
- b. **SuperAnnuation Fund:** The Company had a defined superannuation plan. An employee was entitled for superannuation only after completion of ten years in the service. The present value of defined obligation and related current cost are measured using the Projected Unit Credit Method with actuarial valuation being carried out at Balance Sheet date.

In the current financial year the Super Annuation Fund was dissolved as there were no members and the dues of all the members have been fully paid and nothing remains due to any beneficiary. The Deed of Dissolution for Super Annuation Fund has also been approved by the Commissioner of Income Tax.

- c. **Pension:** The Company has a defined pension plan. An employee is entitled for pension only after

NOTES TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2022

completion of twenty years in the service. The present value of defined obligation and related current cost are measured using the Projected Unit Credit Method with actuarial valuation being carried out at Balance Sheet date.

- d. **Additional Retirement Benefit:** The Company has a defined additional retirement plan. An employee is entitled for additional retirement only after completion of fifteen years in the service subject to retirement from the company. The present value of defined obligation and related current cost are measured using the Projected Unit Credit Method with actuarial valuation being carried out at Balance Sheet date. In the current financial year, there were no members and the dues of all the members have been fully paid and nothing remains due to any beneficiary.

- e. **Risk Exposure:**

Defined Benefit Plans

Defined benefit plans expose the Company to actuarial risks such as: Interest Rate Risk, Salary Risk and Demographic Risk.

- a) **Interest rate risk:** The defined benefit obligation calculated uses a discount rate based on government bonds. If the bond yield falls, the defined benefit obligation will tend to increase.
- b) **Salary risk :** Higher than expected increases in salary will increase the defined benefit obligation.
- c) **Demographic risk :** This is the risk of variability of results due to unsystematic nature of decrements that includes mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefits obligations is not straight forward and depends on the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis, the retirement benefit of the short career employee typically costs less per year as compared to a long service employee.
- f. **Funded Plans:**
- i. Reconciliation of opening and closing balances of the present value of the Defined Benefit Obligation.
